# OUR INSURANCE CAPABILITIES

We are a trusted advisor to the world's leading insurers and reinsurers on complex transactions, disputes, financing, regulatory and commercial matters.

Many international insurers turn to the Luxembourg market for their insurance and reinsurance undertakings as well as acquisitions. Our integrated team thrives to offer a unique mix of experience, connections and pragmatism to successfully assist on the setting-up of Luxembourg (re)insurance subsidiaries and vehicles for investment by insurers, reinsurers and pension funds, including incorporation, regulatory authorisation process, drafting of contractual documentation, legal opinions or sales and acquisitions. We are advising insurers and reinsurers on all stages of their projects, from the setting up and incorporation and the related due diligence, over drafting and negotiation of all contracts and agreements in addition to all other questions of pre- and post-closing.

The fact that we regularly advise insurance and reinsurance undertakings, as well as other professionals of the insurance sector, including intermediaries, and their shareholders and investors, enables us to provide results-driven commercial advice to insurance sector professionals on some of their most complex transactions and to help them address some of their most challenging business issues.

Our Luxembourg and other network office teams have close working relationships with the Luxembourg insurance sector supervisory authority (the Commissariat aux Assurances, CAA), with other domestic regulators in other European jurisdictions and with the European supervisory authorities that help us to successfully advise and guide on insurance regulatory questions and processes.

# OUR INSURANCE PRACTICE

## KEY REASONS THAT SET US APART

The Luxembourg insurance practice has long-standing experience advising on a wide range of insurance regulatory aspects including on the set-up and licensing as well as mergers and acquisitions, including portfolio transfers, of insurance and reinsurance undertakings. Our team works closely with the global insurance team as well as with the other practice areas in Luxembourg.

### Strong Insurance Sector Team

We have leading insurance sector experience. With an established global insurance sector group, we are used to working together internationally and across practice areas to support our clients.
